Fiscal Analysis

ASSUMPTIONS:

1. The bill will allow the Board of Environmental Review (BER) to set fees instead of them being set in statute.
2. The Department of Environmental Quality will proceed with proposed rule making for the BER and the BER will approve a fee increase to cover expenditures authorized in HB 2 for the existing program.
3. If this bill does not pass, the existing fee schedule in statute is inadequate to support the proposed 2003 biennium executive budget for the existing program.
4. Fees have not increased since the inception of solid waste fees passed by the 1991 Legislature.
